

# multiplication

When we look into nature, everything is designed for multiplication. Each plant produces seeds, multiplying them by a multiple. Every human being has the opportunity to multiply themselves. Every „Global Influencer“ should multiply him- or herself. This creates a movement that solves the problems of this world in a very practical way. Those who solve problems and use their strengths while doing so, live a happier and more meaningful life. Multiplication is not for individuals, but only for teams of two or three. Just as in nature (male / female) it almost always takes a couple to multiply. Every team that receives training has \$ 2,000 in debt to Global Influencers. These costs expire if you pass the training on to three teams of two within 6 months after completion of the training. This we call multiplication.

## How multiplication works

### 1. Step

Determine your three teams of two.

### 2. Step

Print out this certificate and fill it out. Important: insert the registration number into the certificate. Let your trainees track the certificate. As a trainer, you are entitled to sign and register the certificate upon completion.

### 3. Step

The registration number works as following. As a trainer you attach your trainee with another number to your own number. Example:

Your number **1.8.12.2.** Number of your trainees **1.8.12.2.1.** or **1.8.12.2.2.** or **1.8.12.2.3**

### 4. Step

Make sure your teams communicate, from the first training session on, with potential trainees via blog, Whatsapp, Facebook, etc. It is better if your teams already start to multiply during the training. For example, if they got lesson 1-4, they would pass those on to their teams again.

### 5. Step

After completing the training, register your teams at [www.elab.training](http://www.elab.training). The Global Influencer Movement is the world's first movement that can be made visible thanks to the registration. It will also be exciting for you to see what has happened to your investment.

**If you have multiplied 3 teams within 6 months, your debts of 2000 dollars are waived.**
